Mandatory Notifiable Avian Influenza Insurance Review Update

The Mandatory Insurance Steering Committee (MISC) met on June 13, 2017 to consider a draft Decision Note recommending that the boards and commission adopt the powers granted under the *Natural Products Marketing (BC) Act* to establish a mandatory Infected Premises C&D Cost Recovery Fund. The recommendation was based on the Phase 1 Review Report – Why Is a Financial Response Needed and Phase 2 Review Report – Scope of a Financial Response reports.

Prior to the poultry boards and commission making their independent decision regarding mandatory NAI insurance, stakeholders are being notified and requested to provide comment on the Review Committee's recommendation. Please use the link provided below to access the common website to provide any comments or views you may have by no later than August 31, 2017.

To ensure coordination and consistency of documents and information on the Mandatory Review a common website was developed and is now available at www.avianinsurancereview.com. The site contains the documents related to the Mandatory Insurance Review and enables the user to provide comments and feedback online.

Please take the time to access the site and review the draft Decision Note and other relevant documents. Your comments and feedback are welcomed and will be compiled and provided to the boards and commission as part of the decision making process.
